TIME FOR A COOL CHANGE

On May 10, 1980, the Class of 1981 turned the High School gymnasium into a tropical paradise. The juniors worked diligently for four weeks, importing expensive art materials to construct exotic palm trees and creative murals. The setting was very exquisitely done. Upon arrival, the young ladies were presented with beautiful leis to complete the tropical atmosphere. The seven-piece band "Brazen" made the night one to remember forever for all who attended.

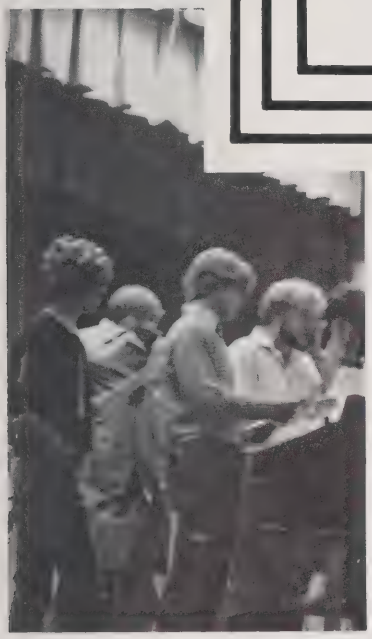
HOMECOMING WEEK



Homecoming 1980 had the Edneyville Student Body bursting with Jacket Pride as each class competed for the "Most Spirited" title. The freshmen were frantic, the sophomores swelled with shrieks of joy, the juniors jumped for victory, and the seniors sedately awaited the judges' decision. The juniors surpassed all others and captured the honor for the second year in a row. Powerpuff proved to be a toughly-fought game which ended in a tie, 14-14, for the Senior-Freshmen vs. the Junior-Sophomore classes. The Yellow Jacket football team really showed their pride by beating Tryon, 47-0.

HOMECOMING 1980

The setting was the Edneyville Yellow Jacket Stadium and the date was October 10, 1980. Amid the chilly night air typical of October, the spectators waited anxiously for the Homecoming Court presentation during halftime of the Edneyville-Tryon football game. Representing each of the senior high classes, twelve beautiful young ladies along with their escorts appeared on the field. An atmosphere of excitement and Jacket pride overcame the crowd as the emcee announced the 1980 Homecoming Queen-Miss Adriane Owenbey, who was crowned by her predecessor, Miss Shanel Baldwin. In conclusion of the halftime festivities, the Court made its traditional ride around the field in convertibles. Following the Yellow Jackets' massacre of the Tigers by a score of 47-0, Queen Adriane reigned over the dance, which had "Shining Star" as its theme ... A perfect end to a perfect night.

President Herb Jeans

The Student Council usually comes up with good activities for the students, but they really out did themselves this year. Instead of the float competition to determine the best class, the Student Council came up with the brainstorm of a field day with a tug-of-war between the students and faculty as the grand finale. Classes also competed in decorations and sign competition. The juniors won overall for the week.

MONOGRAM CLUB

The Monogram Club sprinted into action this year tackling their activities with lots of enthusiasm. Their main activity was the annual athletic banquet which was a success. Led by President Mark Lancaster, how could they lose?

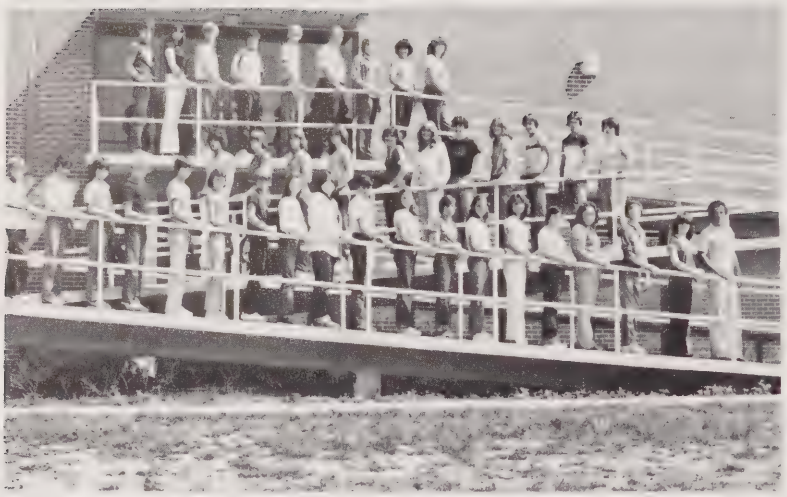
BAND



This year's band has come a long way. There were obvious improvements in all aspects of our band program. In addition to Senior and Junior High bands, Mr. Freeman started a Color Guard, Pep Band, and Wind Ensemble. The Pep Band and Color Guard performed at many of our pep rallies. It looks as though we can soon look forward to having a marching band with Lesley Ray as the band major and Mr. Freeman as band director.

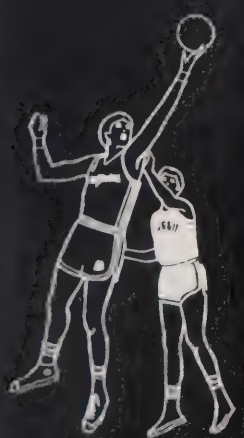
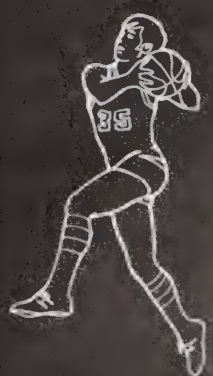
#1

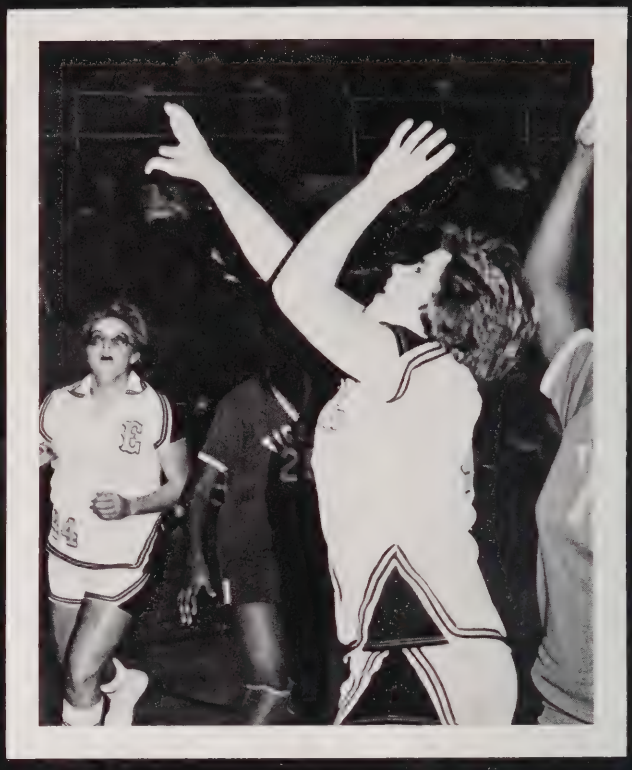
The Varsity Boys Basketball Team led by coach David Jones started the season with many boys, and as the year went on they improved greatly. The team has put a lot of effort into their games which brought forth many exciting clashes both in and outside conference play as the season advanced.

L. to R. Ted Messer, Jeff Dalton, Junior Justice. Not Pictured: Ricky Moss.





TEAM



Basketball practice officially starts November the 1st but if you play for Tom Pryor, basketball is a twelve-month sport and practice begins long before the season opens. This summer the team spent many long hours perfecting their game, and when the season opened, those summer hours paid off. The desire to win, the determination, and the hard work really showed up as the Lady Jackets kept the winning tradition alive.

VOLLEYBALL '80-'81

Following the loss of five starters from the preceding year, the 1980 volleyball season seemed uncertain for this year's young, inexperienced squad. However, the Lady Jackets used determination and team power to capture the Appalachian Conference Championship for the fifth year in a row. Both the varsity and junior varsity teams bumped, set, and spiked their way to an undefeated record in conference play . . . again. Keep up the winning tradition, girls!

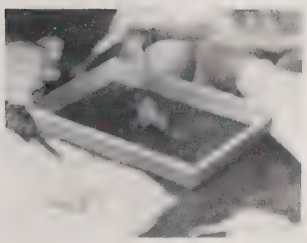
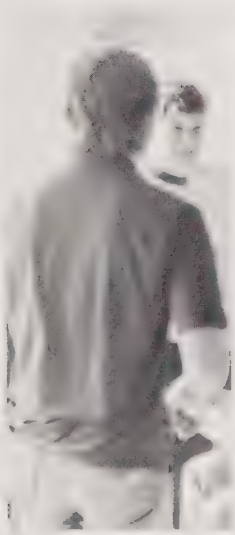
CLASSES





ENGLISH

Mr. Charles Wolfe

The language teachers did their best this year to teach the students at Edneyville the different languages. Although the foreign courses, French and Spanish, should have been the toughest, it was the English that really got to us. The teachers tried hard to substitute our ain't and huh's, with isn't, sir and ma'am, but I guess proper English just "ain't" our speciality!

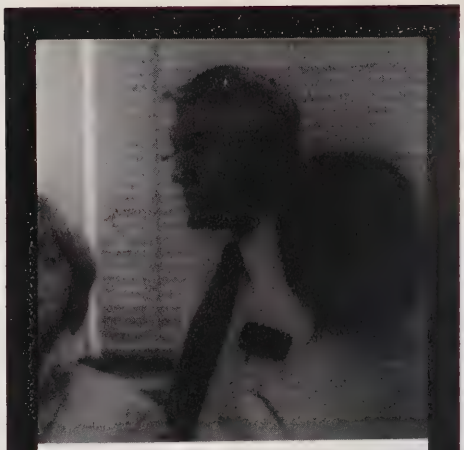
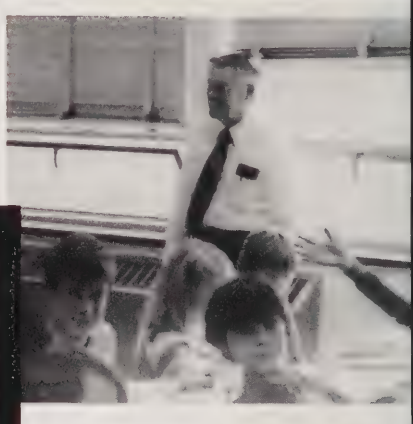
HISTORY TEACHERS

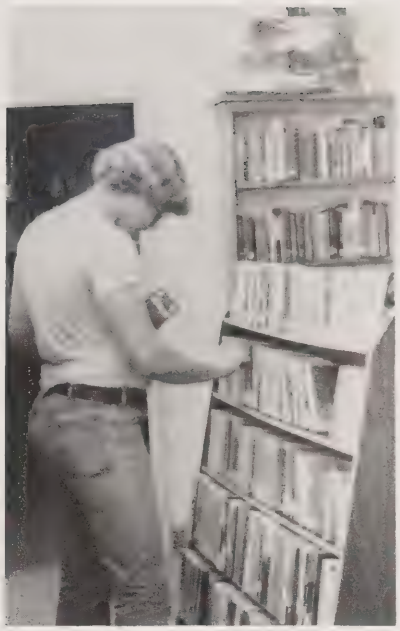




The Edneyville High School History Teaching Staff consists of Mrs. Case, Mrs. Pace, Mr. Whitmire, and Mr. Gillespie. These teachers do a wonderful job of teaching students about North Carolina, the United States, and the world.

Mrs. Lemmons

The library had a different look this year. Our new librarian, Mrs. Lemmons, made a fresh set of rules and arranged the library in a way so that students would be able to find books and other literature in an easy way. The Staff would like to thank Mrs. Lemmons for her dedication to Edneyville High School.



LIBRARY SCIENCE

BUSINESS

Learning the skills of typing, shorthand, and bookkeeping are necessary for initial occupational efficiency in the Business Dept. Not only are students equipped for job competency, but they are taught to manage their own personal and business affairs intelligently.

Regardless of whether the student is college bound or not, the business subjects (especially typing) will prove to be a lifetime benefit.

The 1980-81 Apples Club has made great progress in assisting Edneyville High School this year. Another activity of the Apples Club has been helping clubs run the Concession Stand during our home games.

THANK YOU APPLES CLUB!!!

VAL BURCH

Industrial Cooperative Training (ICT) is a new Vocational Educational Course at Edneyville High School. ICT deals with industrial jobs and an industrial setting.

Students enrolled in ICT attend school ½ a day and are then released to work for the purpose of "On-the-Job Training." ICT gives students an opportunity to learn and a chance to earn money simultaneously.

The ICT program will help improve the students' awareness of the working world and prepare them for careers in industry.

What I Think About Girls . . .

What do I think of girls? Pretty faces, pretty curls, Screams of laughter in delight, Pretty smiles, soft and bright, That's what I think about girls!

By: Sam Robinson

To start off some girls are ugly. I hate ugly girls. Some are pretty. I like pretty ones. I've seen alot of girls in my life! I've had some girlfriends, too. Some girls are dumb, some not. I like smart girls. I like girls who are pretty, have a good personality, are pretty smart, are interesting, AND HAVE A GOOD ! FIGURE!!!!!!!!! That's what I think about girls.

By: Joshua M. Waters

I think girls are nice in some ways and bad in some ways, but mostly good. They can be beautiful or ugly. But, I know they are very good in life. Their skin is so soft as if it was a rose. I am thankful that we have girls and boys that someday become men and women.

By: Dewey Taylor

Girls are fun. They have good taste. They can play some sports. They are pretty. Girls do good work. They eat the right food. They are mean. Girls are different in a way that can't be explained on paper. Girls have personality. The girls can be taken for granite, but don't like to be. The girls, can if they want, participate in the same games as boys. Girls are independent. Girls are smart.

By: John Laughter

Girls go to the bathroom all the time.They get you in trouble all the time. They are almost scared of everything. They think they're hotshots. Girls are ugly, too!

By: Chris Barnwell

What I Think About Boys . . .

I think boys are strange creatures. One day they are nice and the next day they pull your hair or something like that. Sometimes they even put mashed potatoes in your seat. Some are nice. Others are mean. I like some and I hate others. Some do their work and others are lazy and do not do anything. Alot of boys in our class just yak, yak, yak!!! Some boys run down the hall and trip over themselves.

By: Caroline Jones

Some of them are nice, some boys can be crazy, and be sweet, and I think they are o.k., but best of all, they can be your friend.

By: Angie Lee

I think boys are handsome and some are very ugly. And some I can't stand. The best king of boys are boyfriends. Sometimes girl can go with their boyfriends many years or a few years. Most of the boys are mean or nice. My boyfriend is handsome and very nice.

By: Tonya Burgess

I think boys are very weird. Because they say you are pretty one day, and the next day they crack eggs in your hair. And some days they scream and call you names. Sometimes I wonder if they are marshens. But they are alright, I guess.

SOMETIMES

Sometimes,
Not often enough,
We reflect upon the good things
and those thoughts
Always center
Around those we love.
And I think
About those people
Who mean so much to me
And for so many years
Have made me
So very happy.
And I count the times
I have forgotten to say
Thank you
And just how much
I love them.

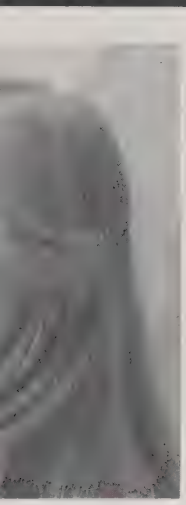
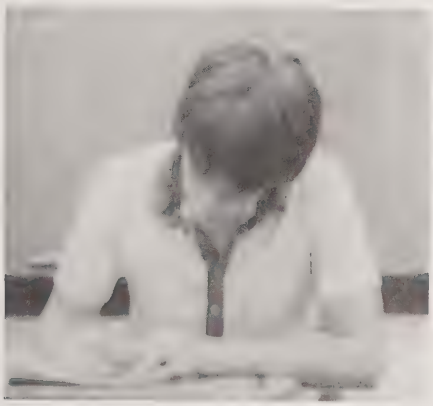
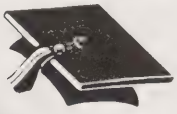
NUMBER ONE

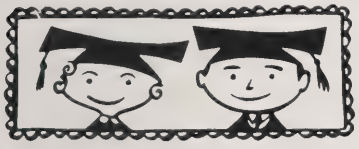




A FAREWELL

My Fairest Child, I have no song to give you;
No lark could pipe to skies so dull and gray;
Yet, ere we part, one lesson I can leave you
For every day.





Be good, sweet maid, and let who will be clever,
Do noble things, not dream them, all day long;
And so make life, death, and that vast forever
One grand sweet song.

Good Luck!!
From the Senior Class of '81

...purpose of Whispering Pines is to pre-...cherished memories and friendships ...ade throughout the year. If "Jacket Pride" does this and reflects the ...quality of both the school and people involved, the annual staff will have accomplished what we set out to do one year ago.

I would like to personally thank Mrs. Elly Baker (our sponsor), Mr. Jerry Gay (Josten's representative), Lynn Armantrout (business manager), John Armantrout (assistant editor and photographer), Michael Heater and Angie Lancaster (photographers), and the rest of my co-workers for your dedication and long hours of work which were required for this publication. Also, many thanks to the students and faculty, because without you there would be no "Jacket Pride."

Through and tickled,
